

DANGAN G3

HIGH SPEED AUTOMATIC FILLING MACHINE

Introducing our latest flagship model, **DANGAN G3**. It is now equipped with **DANGAN Smart System (DSS)** - a cutting-edge innovation that delivers enhanced stability and consistent packaging quality

AUTO EDGE ADJUSTMENT

Reduced time required for film edge adjustment

FLOW RATE CONTROL

Stable flow rate with a flow controller monitor

USER-CENTRIC INTERFACE

Easy-to-operate screen with a universally designed UI

WRINKLE FREE

Additional roller in ensuring wrinkle-free end seal

**Additional option*

Packaging Formats

DANGAN is engineered to accommodate various type of packaging formats.

DANGAN G3

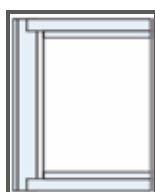

- 3-Side seal
- 3-Side seal bottleneck/spout
- 4-Side seal
- 3 or 4-Side seal twin sachet
- 4-Side seal double sachet (For G3 Double Pack model)

DANGAN AIII

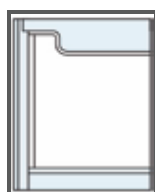

- 3-Side seal
- 3-Side seal bottleneck/spout
- 4-Side seal
- 3 or 4-Side seal twin sachet

DANGAN M

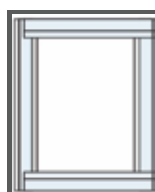

- 3-Side seal
- 3-Side seal bottleneck/spout
- 4-Side seal

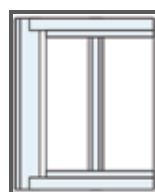

3-Side Seal

3-Side Seal Bottleneck

4-Side Seal

3/4-Side Seal Twin Sachet

4-Side Seal Double Sachet (For G3 Double Pack model)

DANGAN G3 is engineered for superior packaging stability and intelligent control. Powered by **DSS** (optional), it ensures consistent packaging quality through advanced features such as **auto edge alignment**, **tuckless roll design**, and **flow rate control**.
